Practice Questions & Exam Papers

Revision Calendar

You could use the Key Area calendar below to plan revision for your final exam.

There are 19 Key areas, so covering two each week would require about a 10-week revision programme so starting after your February holiday would give you time.

Key Area Revised	Date	Questions completed (✓)	Green light for confidence! (✓)
1.1 Cell Structure			
1.2 Transport across cell membranes			
1.3 DNA and the production of proteins			
1.4 Proteins			
1.5 Genetic engineering			
1.6 Respiration			
2.1 Producing new cells			
2.2 Control and communication			
2.3 Reproduction			
2.4 Variation and inheritance			
2.5 Transport systems - plants			
2.6 Transport systems - animals			
2.7 Absorption of materials			
3.1 Ecosystems			
3.2 Distribution of organisms			
3.3 Photosynthesis			
3.4 Energy in ecosystems			
3.5 Food production			
3.6 Evolution of species
